

HELP US, HELP THEM.

FISHING GEAR LOST EACH YEAR!

13 BILLION HOOKS. 9,941,939 MILLION MILES OF FISHING LINE. ENOUGH NETS TO COVER SCOTLAND. 25 MILLION LOST LOBSTER TRAPS AND CRAB POTS. FISHING LINE THAT COULD WRAP AROUND THE EQUATOR 400 TIMES.

Sustainable Seas Initiative (SSI) is a cooperative project with EnerGeo Alliance to safeguard marine life by collaborating with maritime organizations that encounter marine debris and ghost nets in the oceans where they work and play to remove and dispose of them during their routine commercial and recreational operations.
